PROFESSIONAL SUMMARY

Full-stack web developer with 3+ years of experience building and maintaining web applications using Laravel, PHP, and modern frontend technologies. Proven ability to develop internal systems that improve operational efficiency, including leave management and attendance tracking solutions. Experienced in both technical development and creative design, enabling the delivery of user-friendly and visually engaging applications. Seeking to contribute to a growth-driven development team, building scalable and impactful solutions.

TECHNICAL SKILLS

Backend: Laravel, PHP, MySQL

Frontend: HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind, Vue, React, TypeScript

Tools: Git, GitHub, Linux

Design: Figma, Adobe XD, Photoshop, Illustrator

Hosting/Platforms: cPanel, aaPanel, GoDaddy, Cloudflare, WordPress

PROFESSIONAL EXPERIENCE

IT Associate
Bioseed Research Philippines, Inc.
Jul 2022 – Mar 2026

Developed and maintained internal systems and company web platforms, improving workflow efficiency and reducing manual processes.

Key Contributions:

- Developed internal web applications, including a **Leave Management System** and **Attendance Monitoring System,** to streamline HR and operational workflows.
- Maintained and enhanced the company website, ensuring performance, usability, and reliability.
- Built new features and system enhancements using Laravel and PHP.
- Provided technical support for hardware, software, and network issues.
- Served as **IT Officer-in-Charge** in the absence of the IT Technical Lead.

Secondary Contributions:

- Designed marketing materials aligned with company branding
- Produced and edited promotional videos and multimedia content
- Served as Technical Director for company events

Freelance Photographer & Videographer
Suroy Films and Photography
Mar 2020 – Nov 2023

- Captured and edited photo and video content for events and client projects
- Collaborated with clients to deliver customized creative outputs
- Managed post-production including editing and enhancements

PROFESSIONAL EXPERIENCE (continued)

Delivery Rider *(Part-time)*
Maxim – Rides & Food Delivery
May 2022 – Nov 2022

- Delivered goods efficiently while maintaining high customer service standards

---

OJT – CCTV Technician
Design Automation Technology Expert
Dec 2017 – Feb 2018

- Assisted in installation and maintenance of CCTV systems
- Supported troubleshooting and technical setup

KEY PROJECTS

Employee Leave Management System

- Developed using Laravel and MySQL to automate leave workflows
- Improved request processing and reduced manual HR tasks

Point of Sale (POS) System

- Built using Laravel, Vue.js, and Inertia.js
- Applied service classes, observers, and modular architecture
- Developed scalable and maintainable full-stack application
